## ARTprint™ Custom Canvas Printing

With AnaJet® Apparel Printers, you can now reproduce Fine Arts, Graphic Prints and Photos on Canvas with stunning results. Print on ARTprint Canvas™ and coat it with AnaJet ARTprint Texture Coat™ for an oil painting effect. Everyone will ask "is that an original oil painting?" ARTprint Texture Coat™ is a protective finish that creates the look and feel of a real oil painting.

This is another way to profit from AnaJet® Apparel Printers. When you do not use your printer for apparel printing, keep printing non-copyrighted Fine Arts and Graphics for home decoration. You can sell them at art fairs, decorative art stores and hotels. You now own a decorative art reproduction facility when the printer is not busy with custom garment printing business.
